## DiversiTech reputation stands behind the product

Some importers of mini split equipment pass technical support to the equipment manufacturer — DiversiTech supports its wholesaler customers directly. Give us a call at (800) 995-2222 if you need help.

## You can buy

Unlike other equipment manufacturers, you can buy just one unit. And in a bulk order, you can even

## Energy Saving Technology

Featuring a 1 watt standby mode function, the intelligent ON-OFF technology enables Chigo's products to automatically enter energy saving mode when on standby. This reduces energy consumption by 80%.

## R410a Refrigerant

R410a is a high-performance, environmentally friendly refrigerant with some advantages such as high density and zero ozone depletion potential. Chigo has redesigned the heat exchange system to combine with exclusive three core intelligent inverter technology which enables the air conditioning to be more energy-saving, quiet, and efficient.

## Regular D terms

Wholesale distributors enjoy standard DiversiTech Chigo mini-split

### Health Technology

The smoke cleaning technology in Chigo mini splits contains a unique air purification function that eliminates over 90% of bacteria, smoke, and dust in a 1,500 cubic foot room. The air conditioning unit's power saving, intelligent water wash will use condenser water to wash off dust on the evaporator and auto dry in no more than 6 minutes. This self cleaning function assures high energy efficiency and good indoor air quality.

### Independent Dehumidification

The independent dehumidification system removes the water vapor in a

### Intelligent Defrosting

Defrosting of the Chigo mini split is fast. This assures effective heating operation.

### Hydrophilic Film Aluminum Foil

The indoor unit contains unique blue (hydrophilic) coated aluminum that protects against water contamination, enhancing the heat exchange efficiency.

### Multi-fold Evaporator

The unique multi-fold evaporator increases the coil size. This increases efficiency.

# Buy just one

Manufacturers that require the purchase of two or more, with DiversiTech, you can purchase one by adding it to your regular order to easily make freight.

# Combine with a regular DiversiTech order to meet freight

Wholesale distributor customers can easily combine Chigo Mini Splits from DiversiTech with multiple categories and other DiversiTech purchases to meet freight minimums.

## Low Noise Technology

The Chigo mini split system is designed to be super quiet. Thyristor technology allows for superior isolating material, and its innovative air duct design, low-noise fan blade, and micro-computer mute mode allow it to effectively reduce air conditioning unit noise to 20 dB.

## DiversiTech apply

For customers can purchase on DiversiTech terms with all split equipment.

## Simple to understand, easy to order product line

Equipment lines from most manufacturers are complex with many SKUs. DiversiTech has a simple 8 SKU line - 1 outdoor, 1 indoor unit in 4 different BTU sizes.

### Humidifying

The humidify function rapidly lowers room humidity without affecting cooling.

Fully automatic. No manual operation.

The evaporator coil on the indoor unit is designed to enhance the cooling/heating

### Sleep Mode Operation

Chigo's mini split system contains a sleeping mode function. Once the Sleep key is pressed, the air conditioner will turn off automatically by checking the fan speed and temperature setting.

### Warranty

The warranty on Chigo equipment is 2 years on parts and 5 years on the compressor.
