

About DiversiTech

Founded in 1971, DiversiTech® Corporation is North America's largest manufacturer of equipment pads and a leading manufacturer and supplier of components and related products for the heating, ventilating, air conditioning, and refrigeration (HVAC/R) industry. Headquartered in the Atlanta, Ga., metropolitan area, DiversiTech's mission for its wholesaler partners is to simplify their work.

The H-Frame kits are suitable for everyday installation of ductwork including associated attenuators.

Small to medium sized flow and return pipework and electrical containment e.g. cable trays or cable ladders.

H-FRAME KITS

Fast & Simple Installation
Kits to support ducts, pipes & electrical containment

H-Frame Kits

F-HF-320

F-HF-500

Our H-Frame kits offer the installer full flexibility by providing a solution where they can supply their own strut to suit their installation requirements. The H-frame kits can be supplied with a pair of either 12.6" feet or where heavier more demanding loads are present, the 19.7" foot version kit is available. All kits are supplied with hot dip galvanised angle brackets together with all the necessary fixings to assist the installer in a low cost, versatile and fast on-site solution.

Features & Benefits

- Non-penetrative support
- Flexible design to accommodate late design changes
- Fast and simple installation
- Hot dip galvanized brackets
- Rubber mats adhered to feet
- Two foot sizes available

Material Specification
