

# SAFETY DATA SHEET

## 980 FLASH

Revision Date: May 6, 2015  
Supersedes: February 14, 2014

Version: 3.1

### Section 1 – Identification of the Substance/Mixture and of the Company/Undertaking

**Product Name:** 980 FLASH

**Part Numbers:** 980, 980082KIT, 98084KIT, 98087KIT, 980450KIT, 98181KIT\*, 98381KIT\*, 9802KIT

\*For these kits see also Safety Data Sheets for dye products 909006B and 990006B

**Product Class:** Refrigeration additive

**Manufacturer:** Cliplight Manufacturing  
961 Alness Street  
Toronto, ON M3J 2J1, Canada

**email:** sales@cliplight.com

**Telephone:** +1 416 736 9036

**Emergency Telephone:** +1 613 996 6666 (Canutec)

### Section 2 – Hazards Identification

#### GHS Classification

Flammable liquids: Category 3

Skin irritation: Category 3

#### Label elements:

Warning

#### Hazard statements:

H226 Flammable liquid and vapour

H316 Causes mild skin irritation

#### Precautionary statements:

P280 Wear protective gloves and eye protection.

P332 + P313 If skin irritation occurs: Get medical attention.

#### Other hazards:

None known.

### Section 3 – Composition/Information on Ingredients

| Ingredient Name      | CAS No.  | EC No.    | Composition, wt% |
|----------------------|----------|-----------|------------------|
| Triethylorthoformate | 122-51-0 | 204-550-4 | 50               |

Remaining components of this product are not classified as hazardous under the GHS, 29 CFR 1910.1200, WHMIS 2015, or (EC) No 1272/2008.

### **Section 4 – First-Aid Measures**

#### **Inhalation**

Remove person to fresh air. Give artificial respiration if not breathing. If breathing is difficult, oxygen may be given by qualified personnel. Obtain medical attention.

#### **Eye Contact**

Remove contact lenses and immediately flush eyes with copious amounts of water for at least 15 minutes. Obtain medical attention.

#### **Skin Contact**

Immediately wash skin with soap and copious amounts of water. If irritation persists, obtain medical attention.

#### **Ingestion**

Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. If conscious, drink plenty of water. Consult a physician.

#### **Acute and Delayed Symptoms**

None known

#### **Special Treatment Needed**

Only as above.

### **Section 5 – Fire-Fighting Measures**

#### **Extinguishing media**

Use water spray, carbon dioxide, dry chemical powder or appropriate foam.

#### **Special hazards arising from the substance or mixture**

In combustion carbon monoxide, carbon dioxide, fumes and smoke will be produced. Collect contaminated fire fighting water separately. Do not allow to enter the sewage system. Vapour may travel considerable distance to source of ignition and flash back.

#### **Advice for firefighters**

Self-contained breathing apparatus and protective clothing as required.

### **Section 6 – Accidental Release Measures**

#### **Personal precautions**

Wear chemical-resistant gloves and chemical safety goggles or safety glasses with side shields. Avoid breathing vapours. Ensure adequate ventilation. Since the product contains a concentrated colourant, it is advisable to take extra care to avoid contact with the product.

#### **Environmental precautions**

Shut off all sources of ignition. Vapours are heavier than air and can accumulate. Avoid runoff to sewers and waterways.

#### **Methods and materials for containment and cleaning up**

Cover spill with dry-lime, sand, or soda ash. Place in covered containers using non-sparking tools and transport outdoors. Ventilate area and wash spill site after material pickup is complete. Treat or dispose of waste material in accordance with all local, state, provincial and national requirements.

## Section 7 – Handling and Storage

### Precautions for safe handling

Avoid breathing vapour. Avoid contact with eyes, skin and clothing. Since the product contains a concentrated colourant, it is advisable to take extra care to avoid contact with the product. Avoid prolonged or repeated exposure. Use spark-proof tools. No smoking.

### Conditions for safe storage

Keep away from heat, sparks and open flame. In the opened canister, this product is sensitive to moisture. Store in a cool dry area.

## Section 8 – Exposure Controls/Personal Protection

### Control Parameters

None of the components of this product have listed occupational exposure limits.

### Engineering Controls

General room ventilation is expected to be sufficient for use of the product. Use non-sparking tools.

### Protective Equipment

Wear chemical-resistant gloves and chemical safety goggles or safety glasses with side shields. The product contains a concentrated colourant and may stain skin and other articles.

### Hygiene

Wash hands thoroughly after handling.

## Section 9 – Physical and Chemical Properties

|   |                                      |
|---|--------------------------------------|
| Appearance                                | Clear amber liquid                   |
| Odour                                     | Mild ethereal                        |
| Odour threshold                           | No data available                    |
| pH  | No data available                    |
| Freezing point                            | No data available                    |
| Boiling point                             | No data available                    |
| Flash point                               | 35°C (95°F)                          |
| Evaporation rate                          | No data available                    |
| Flammability or explosive limits          | No data available                    |
| Vapour pressure                           | No data available                    |
| Vapour density                            | No data available                    |
| Density                                   | 0.97 g/cm <sup>3</sup> @ 20°C (68°F) |
| Water Solubility                          | No data available                    |
| Partition coefficient:<br>n-octanol/water | No data available                    |
| Auto-ignition temperature                 | No data available                    |
| Decomposition temperature                 | No data available                    |
| Viscosity                                 | No data available                    |

## Section 10 – Stability and Reactivity

### Reactivity

Reacts with water.

### Chemical stability

Stable under recommended storage conditions.

### Possibility of hazardous reactions

Unlikely

### Conditions to avoid

Moisture, heat, flames and sparks

### Incompatible materials

Water (except in application), acids, strong oxidizing agents

### Hazardous decomposition products

In the case of a fire, carbon monoxide, carbon dioxide, fumes and smoke will be produced.

## Section 11 – Toxicological Information

The toxicological properties of this product have not been investigated. Information for the triethylorthoformate component is included below.

### Acute toxicity

Oral LD50 rat: Triethylorthoformate: 7060 mg/kg

Skin LD50 rabbit: Triethylorthoformate: 20 ml/kg

### Skin corrosion/irritation

rabbit Triethylorthoformate ó mild irritation ó 24 h

### Serious eye damage/irritation

rabbit Triethylorthoformate ó no irritation

### Respiratory or skin sensitization

No data available

### Germ cell mutagenicity

No data available

### Carcinogenicity

None of the components of this product is identified as a carcinogen by IARC, ACGIH, NTP or OSHA.

### Reproductive toxicity

No data available

### Specific target organ toxicity

No data available

### Aspiration hazard

No data available

**Potential Health Effects**

Inhalation: May be harmful if inhaled.  
Skin: May cause skin irritation.  
Eyes: May cause eye irritation.  
Ingestion: May be harmful if swallowed.

**Section 12 – Ecological Information**

**Aquatic toxicity**

No data available

**Persistence and degradability**

No data available

**Bioaccumulative potential**

No data available

**Mobility in soil**

No data available

**Other adverse effects**

No data available

**Section 13 – Disposal Considerations**

**Product**

Contact a licensed professional waste disposal service to dispose of this material. Observe all local, state, provincial and national requirements.

**Contaminated packaging**

Dispose of as product.

**Section 14 – Transport Information**

**DOT/IMDG/IACO/IATA/TDG**

**DOT:** Consumer Commodity, ORM-D

**OCEAN (IMDG):** UN2524, Ethyl Orthoformate), Class 3, PG III, Ltd Qty, EMS-No: F-E, S-D

**AIR (IATA):** UN2524, Ethyl Orthoformate), Class 3, PG III

**Section 15 – Regulatory Information**

All components of this product are listed in the U.S. Toxic Substances Control Act (TSCA) Inventory.

All components of this product are on the Canadian Domestic Substances List (DSL).

All components of this product are on or in compliance with the Australian Inventory of Chemical Substances (AICS).

A chemical safety assessment has not been carried out for this product.

**Section 16 – Other Information**

**HMIS CLASSIFICATION**

|               |   |
|---------------|---|
| Health Hazard | 1 |
| Flammability  | 3 |
| Reactivity    | 0 |

**Notes to this revision**

This version 3.1 (May 6, 2015) has been updated from the version of August 15, 2013 and the EU version 2.1 of February 26, 2014 to conform to the requirements of the GHS, OSHA Hazard Communications Standard 2012, WHMIS 2015 and (EU) No 453/2010 from June 1, 2015.

Section 2 has been updated to classify the product as a mild skin irritant.

No other substantive changes have been made to the description of the product or to instructions for its safe use, transportation, handling and storage.

All information appearing herein is based upon data obtained from manufacturers and/or recognized technical sources. While the information is believed to be accurate, we make no representations as to its accuracy or sufficiency. Conditions of use are beyond our control, therefore users are responsible for verifying the data under their own operating conditions to determine whether the product is suitable for their particular purposes and they assume all risks of their use, handling, and disposal of the product. Users also assume all risks in regards to the publications of use of, or reliance upon, information contained herein. This information relates only to the product designated herein, and does not relate to its use in combination with any other material or process.
