Applicable for residential or light commercial installations

VRF/VRV Super Stand SPECS

Depth	Width
Range of Adjustability	
24"-30 1/4"	36", 48", 55", 70"

A Close Up:

Our VRF Super Stand has four 12" x 12" feet, made from 7-gauge steel and 11-gauge steel tubing. It adjusts in 1/4" and 1/2" increments. This is done by rotating the foot 180 degrees. There are two 1/2" holes in each foot to secure the stand.

Available in 12", 18" and 24" Height

Our VRF Super Stand has two hat flange rails that are slotted to receive all major brands of VRF/VRV/HRV condensing units. Whether it's a single unit or a combination of units, we have you covered.

Super Stand Sizing Options:

- 36" Hat Flange Cross Rail- SS36 (Type A)
- 48" Hat Flange Cross Rail- SS48 (Type B)
- 55" Hat Flange Cross Rail- SS55 (Type D)
- 70" Hat Flange Cross Rail- SS70 (Type C)

Our hardware is galvanized and our Super Stand is powder coated with a sea coast coating for corrosion protection.

Quick-Sling VRF Stand provides you with a non-swinging, solid platform that is quick, safe, stable and affordable.
